

PI Industries Limited

Effective: October, 2018

Version: 1.0

Sustainable Procurement Policy

#### PI's Sustainable Procurement Policy

PI Industries Limited shall be committed:

- To build sustainable business by promoting the sustainability practices across the **Value Chain** in co-operation with its business partners and service providers.
- To enhance sustainability through implementation of **Code of Conduct**, promoting fair and Ethical Business Practices.
- To continually protect the **Environment** and work towards minimizing the adverse impact by implementing innovative solutions.
- To safeguard the **People** working across value chain by enhancing Safety awareness and improvement in practices.
- To adhere to the applicable Rules, Regulations and fulfilling the **Legal** requirements throughout the value chain and at all times.
- For minimizing the **Social** imbalance through **Corporate Social Responsibility** initiatives.
